Bulldog soccer had shaky roots planted at Stokes Stadium during the late '70s, but since then has grown to a national powerhouse on the NCAA Division II scene.

For the first four years of its existence, Truman State University soccer struggled to a 7-9-1 overall home record. Through the first six contests, visiting teams took four games from the Bulldogs, averaging 2.5 goals per game. Truman wouldn't go down without a fight, however, and was shut out only once during the four-year period.

In 1983, the soccer program moved from Stokes to the Truman Soccer Park. The 'Dogs were shut out by Creighton University (Neb.) that first game, but came back the next week to beat Central Methodist College, 4-1. Truman doesn't lose at home very often, compiling a .729 winning percentage since the move.

The soccer complex is located next to Campbell Apartments on Truman State University's campus. The complex sports two natural grass fields, one for play, the other for practice, running in an east-west direction.

A wooden press box is located above fan seating on the north side of the complex. The aluminum bleachers will accommodate 250 Bulldog fans while portable bleachers can be set up to bring total capacity to over 1,000. The press box can hold six media personnel, statisticians and photographers. Admission to the press box is by pass only.

The players bench area is located on the south side of the playing field. Both squads use locker rooms located in Pershing Arena.

**Truman Soccer Park**

**Truman's Overall Record:** 91-31-12
**First Goal:** Steve Schlichtig vs. Central Methodist, Sept. 8, 1983
**First Victory:** vs. Central Methodist, 4-1, Sept. 8, 1983
**Most Team Goals:** 16 vs. Lincoln University, Oct. 18, 1995
**Most Individual Goals:** 4, by Matt Byers, vs. Lincoln University, in a 12-0 Truman victory, Nov. 7, 1999

**Stokes Stadium**

**Truman's Overall Record:** 7-9-1
**First Goal:** Hector Ajraz vs. Missouri-Rolla, Oct. 11, 79
**First Victory:** vs. Westminster College, 4-1, Oct. 7, 1980
**Most Team Goals:** 6, vs. Central Methodist College, 6-0, Oct. 22, 1980; vs. Westminster College, 6-0, Sept. 29, 1981
**Most Individual Goals:** 2, Many Times

**Soccer Basics**

All NCAA soccer teams use a field of play not more than 120 yards nor less than 110 yards in length and not more than 80 yards nor less than 65 yards in width. The recommended size is 120 yards by 75 yards. Truman’s field of play is 120 yards by 75 yards.

Each team shall field a squad of 11 players, one of which will be a goalkeeper. Substitutions may occur only on a goal kick, a throw in, after a goal has been scored, between periods, in the event of an injury or equipment change, or when a player is warned.

Once a player has been substituted, he may not re-enter the game if it is still in the first period or in overtime periods, but may have one re-entry in the second period. Goalkeepers and cautioned players, providing they are removed from the game at the time of the caution, may re-enter the game in the same period.

The game shall be two equal periods of 45 minutes. In case of a tie during regular season games, a maximum of two sudden death periods of 15 minutes each are played. Half-time intervals shall not exceed 10 minutes. The time lengths may be changed only by consent of the referee and both coaches.

In tournament play, if the score is still tied after the two overtime periods, a series of 10 penalty kicks is taken in alternating order until a winner is determined. The team which wins the shootout is awarded a team goal and a win. In regular-season play, the game is declared a draw at the end of the overtimes.

The clock is stopped only when a goal is scored, when a penalty kick is awarded, when a player is carded or when the referee signals that the clock should be stopped.
About Truman

Truman State University is Missouri’s only statewide public liberal arts and sciences university and the only public university designated highly selective by the Missouri Coordinating Board for Higher Education.

Founded in 1867 as a normal school, Truman State University became the official name of Missouri’s liberal arts and sciences university on July 1, 1996. Formerly known as Northeast Missouri State University, the change in name coincided with the 10th anniversary of the Missouri Legislature’s action which changed the University’s mission from that of a regional comprehensive university to the statewide liberal arts and sciences university. The new name complements the mission and honors the only Missouri public regional comprehensive university to the statewide liberal arts and sciences university. The name has obvious meaning to a future generation.

Now a nationally recognized university, Truman is a leader in its undaunting commitment to assessment and accountability. Truman’s program of assessment allows the University to measure the results of the teaching-learning process and gather critical information on student growth and development to ensure that graduates are prepared for future success.

The University is consistently recognized as one of the nation’s best educational values. Truman is recognized by U.S. News & World Report as the number one public regional university in the Midwest and it was selected as one of the top 100 best college buys by America’s Best College Buys 2000. Truman is also profiled in Fiske Guide to Colleges and USA Today’s College Guide, as well as numerous other guides.

Truman’s curriculum provides each student, regardless of intended specialization, with a foundation of knowledge appropriate to a traditional liberal arts and sciences education. It also requires major field specialization, providing each student with in-depth knowledge and mastery of a discipline. This exemplary undergraduate education provides graduates with the knowledge and skills necessary to be successful upon graduation. Approximately 40 percent of Truman’s graduates enter graduate programs and professional schools in the two years following their graduation.

Truman’s 5,300 students pursue degrees in 42 undergraduate and nine graduate areas of study in eight academic divisions.

Truman’s students consistently rank among the highest in their high school graduating class. For example, the fall 2001 class has an average ACT score of 27, the 91st percentile nationally, while the high school grade point was a 3.72 on a 4.00 scale. In addition to their academic ability, more than 99 percent had leadership roles in high school.

Truman State University is committed to the advancement of knowledge, to freedom of thought and inquiry, and to the personal, social and intellectual growth of each of its students. The University strives to maintain a recognized standard of excellence in all of its educational endeavors and a responsible stewardship of the resources provided by the people of Missouri.

Truman is headed by a Board of Governors appointed by the Governor of Missouri. Seven are voting members from throughout the state. In addition, there are two out-of-state members and a student representative who do not vote.

Current members include Randa Rawlins, president; John W. Briscoe, vice president; Thomas R. Jayne, secretary; Peter Ewel, Ph.D.; Ruth Mach, Ed.D.; Wilma Maddox; Matt Barnes; Sarah Burkemper; Michael Schwend; and Rudy Arredondo, student representative.

What’s In A Nickname

The student newspaper, the Bulldog, selected for Truman State University? O.C. Bell in referred to his performers as Bulldogs, but it wasn’t an official designation. As is known, this term wasn’t used again until the spring of 1915.

A time, a committee of students, including the late President Emeritus Walter He, recommended the adoption of the “Bulldog” as the official emblem cause of the beast’s tenacity and ability to hold on and fight desperately to the end.

The spirit of the Bulldog has been evident since the name was selected 86 years ago. It’s not unique though, as at least 16 NCAA schools have adopted the “Bulldog.”

President

Jack Magruder

Jack Magruder became the 13th president of Truman State University on July 1, 1994. Magruder began his career at Truman in 1964 as an assistant professor of chemistry. During his 22 years on the faculty, he achieved the rank of full professor before serving as head of the Division of Science from 1986-89. In 1989, Magruder became dean of instruction and was later appointed vice president for academic affairs, the position he held when he was named president.

Magruder is a member of a number of professional organizations, including the American Chemical Society, Phi Delta Kappa, Phi Kappa Phi Honor Society, Sigma Beta Delta Honor Society, National Association for Research in Science Teaching, National Science Teachers and the Science Teachers of Missouri. He is past-president of the Council of Public Liberal Arts Colleges and the Council on Public Higher Education.

Magruder is a 1957 graduate of Truman State University and is married to Sue Brimer Magruder, a 1955 and 1977 graduate of Truman. Their children, Julie Magruder Lochbaum, Kerry Magruder and Laura Magruder Mann are also graduates of Truman.

Director of Athletics

Jerry Wollmering

Jerry W. Wollmering began as Director of Athletics at Truman in September of 1999. Wollmering had served as associate athletics director of finance and administration at Bowling Green State University in Ohio since January of 1998. He was also the assistant athletics director for financial affairs for two years, prior to his becoming an associate AD.

Wollmering earned a bachelor’s degree in business administration with a major in accounting from Drake University in 1987, and a master’s degree in physical education with a major in athletic administration from Kent State University in 1993. He is also a certified public accountant with experience as an auditor.

Before arriving at Bowling Green, he was an assistant athletic director at Southeast Missouri State University, a Division I program, for approximately 18 months. While working on his master’s degree, Wollmering was a graduate assistant to the athletic director at Kent.

A native of Ft. Madison, Iowa, he was a varsity letterman in cross country and track at Drake. Wollmering served on the NCAA Division I athletics certification self study subcommittees for fiscal integrity and commitment to equity, and was a member of the NCAA peer review team.

Wollmering and his wife, Alicia, have two daughters, Leah who is 5-years-old and, Erica who is 3-years-old. They are expecting their third child in February of 2002.
Truman Areas Of Study

At Truman, we take great pride in the quality of our academic programs. We challenge students to achieve in an environment that supports their growth.

The University is committed to excellent teaching, continuing assessment, and a climate that fosters innovation. Excellence is the standard throughout. For example, our General Honors Program recognizes extraordinary achievement, but all students are eligible to participate.

We have earned a national reputation for quality, accountability and affordability. That reputation encompasses generations of graduates and our current students. It will also assure that we continue to attract the best students in the future.

Specific academic programs, degrees offered and division heads include:

**Division of Business and Accountancy**
B.A./B.S., M.A. (Accounting)- Dr. James Bailey
Accounting, Business Administration

**Division of Education**
M.A.E.- Dr. Sam Minner
Students complete a liberal arts degree program (B.A./B.S.) with a pre-education emphasis before applying for admission to the M.A.E. Emphasis options include Elementary, Middle School, Secondary and Special Education.

**Division of Fine Arts**
Art (Art History, Studio Art, Visual Communication), Theatre (Performance, Liberal Arts Concentration, General Concentration with emphasis groups), Music.

**Division of Human Potential and Performance**
B.A./B.S., B.S.N., M.A. (Communication Disorders)
Exercise Science (including Pre-Medicine, -Occupational Therapy, -Physical Therapy, Exercise Physiology, Cardiac Rehabilitation/Wellness, Athletic Training, and Leisure Management), Health (including Pre-Medicine, Community Health, Public Health, Health Administration, and Worksite Health), Nursing, Communication Disorders.

**Division of Language and Literature**
B.A./B.S., M.A. (English)- Heinz Woehlk
Classics, Communication (journalism, Communication Arts and Communication Sciences), English (including Pre-Law), French, German, Russian, Spanish.

**Division of Mathematics and Computer Science**
B.A./B.S., M.A. (Mathematics)- Dr. Lanny Morley
Computer Science, Mathematics.

**Division of Military Science**
Lt. Col. James W. Dirkse
Students in the Reserve Officers Training Corps (ROTC) earn an officer’s commission in the U.S. Army in conjunction with an academic degree.

**Division of Science**
B.A./B.S., M.S. (Biology)- Dr. Scott Ellis
Agricultural Science, Biology (including Pre-Medicine, -Medical Technology, -Physical Therapy, -Dental, -Veterinary), Chemistry (including Pre-Medical, -Pharmacy), Physics (including Pre-Engineering)

**Division of Social Science**
B.A./B.S., M.A. (History)- Dr. Seymour Patterson
Economics, History (including Pre-Law), Justice Systems, Philosophy and Religion, Political Science (including Pre-Law), Psychology, Sociology/Anthropology.
