President Barbara Dixon

Barbara Dixon became the 14th president of Truman State University on July 1, 2003. Dixon is the first female to serve as Truman’s president.

Before coming to Truman, Dixon served as provost and vice president for academic affairs at the State University of New York at Geneseo, a public liberal arts university, from 1997-2003.

She previously spent 27 years at Central Michigan University where she was a faculty member, chair of the Academic Senate and associate dean and interim dean of the College of Arts and Sciences. Dixon has both a B.M. and M.M. in applied piano from Michigan State University and a D.M. in piano performance, literature and pedagogy from the University of Colorado.

She is a member of several honor societies including Alpha Lambda Delta, Mortar Board, Pi Kappa Lambda and Phi Kappa Phi. Dixon also holds memberships in the National Music Teachers Association and Delta Omicron, a professional music organization, and is an honorary member of Phi Eta Sigma and Golden Key.

Director of Athletics

Jerry Wollmering

Jerry W. Wollmering began as Director of Athletics at Truman in September of 1999.

Wollmering served as associate athletics director of finance and administration at Bowling Green State University in Ohio since January of 1998. He was also the assistant athletics director for financial affairs for two years at BGUS prior to his becoming an associate AD.

Wollmering earned a bachelor’s degree in business administration and accounting from Drake University in 1987, and a master’s degree in physical education and athletic administration from Kent State University in 1993. He is also a certified public accountant with experience as an auditor.

Before arriving at Bowling Green, Wollmering was an assistant athletic director at Southeast Missouri State University, a Division I program, for approximately 18 months. While working on his master’s degree, Wollmering was a graduate assistant to the athletic director at Kent.

A native of Ft. Madison, Iowa, he was a varsity letterman in cross country and track at Drake. Wollmering and his wife, Alicia, have three daughters, Leah who is 7-years-old, Erica who is 5-years-old and Kate, who is one.

Truman State University’s mission is to provide Missouri students access to an outstanding liberal arts educational experience in a public institution setting that is normally available only at costly, private sector institutions.

Undergraduate education is at the core of this liberal arts mission, supplemented with a select group of graduate programs that grow naturally out of this undergraduate emphasis and are appropriate for a public university. Truman strives to foster an outstanding learning community dedicated to the success of its students.

With a total enrollment under 6,000 students and a student/faculty ratio of about 14:1, Truman is large enough to provide a diverse experience but small enough to provide its students personal attention to their needs and interests.

As a nationally recognized university known for its strong student learning outcomes and its commitment to assessment and continuous improvement, Truman is a place where students learn to excel.

Truman has the highest graduation rate of any public university in Missouri; in addition, more than 40 percent of these graduates are entering graduate and professional school after graduation. The faculty and staff are here not only to provide academic challenges, but also to foster a supportive environment that enables students to meet these challenges while learning about themselves and the world around them.

Truman believes that the best preparation for the future, regardless of a student’s ultimate career choice, is a strong liberal arts and sciences education. Truman also expects each student to develop an in-depth knowledge and mastery of a discipline chosen from one of more than 40 programs in eight academic divisions.

Students are encouraged to expand their horizons and explore many different fields of thought as they work closely with the exceptional faculty and other academically talented students. Since learning occurs outside the classroom as well as inside, Truman students are encouraged to undertake research projects with faculty, to participate in study abroad programs, and to develop their leadership capacity through active participation in student organizations.

The University seeks well-prepared, motivated students with broad educational interests who desire the advantages of a residential college experience. Our students come from virtually every county of Missouri as well as more than 39 states and 49 countries. Truman’s reputation is built on the ability of its faculty and staff to help students achieve academic excellence while developing their full potential for responsible citizenship in the 21st century.

Truman is committed to the advancement of knowledge, to freedom of thought and inquiry, and to the personal, social and intellectual growth of each of its students. The University strives to maintain a recognized standard of excellence in all of its educational endeavors and a responsible stewardship of the resources provided by the people of Missouri.

A Board of Governors appointed by the Governor of Missouri heads Truman. Seven are voting members from throughout the state. In addition, there are two out-of-state members and a student representative who do not vote.

Current members include Thomas R. Jayne, president; Michael Schwind, vice president; Sarah B. Burkemper, secretary; Matthew C. Barnes; John W. Briscoe; Peter T. Ewell, Ph.D.; Ruth Mach, Ed.D.; Wilma Maddox; Randi Rawlins; and Emily Dunn, student representative.

### What's In A Nickname

Why was the nickname, Bulldogs, selected for Truman State University? O.C. Bell in 1908 referred to his performers as Bulldogs, but it wasn't an official designation. So far as is known, this term wasn't used again until the spring of 1915.

At the time, a committee of students, including the late President Emeritus Walter H. Ryle, recommended the adoption of the "Bulldog" as the official emblem because of the beast's tenacity and ability to fight desperately to the end.

The spirit of the Bulldog has been evident since the name was selected 87 years ago. It's not unique though, as at least 16 NCAA schools have adopted the "Bulldog".
